

## Manage Your **ONLINE STORE** Across Web, iOS & Android

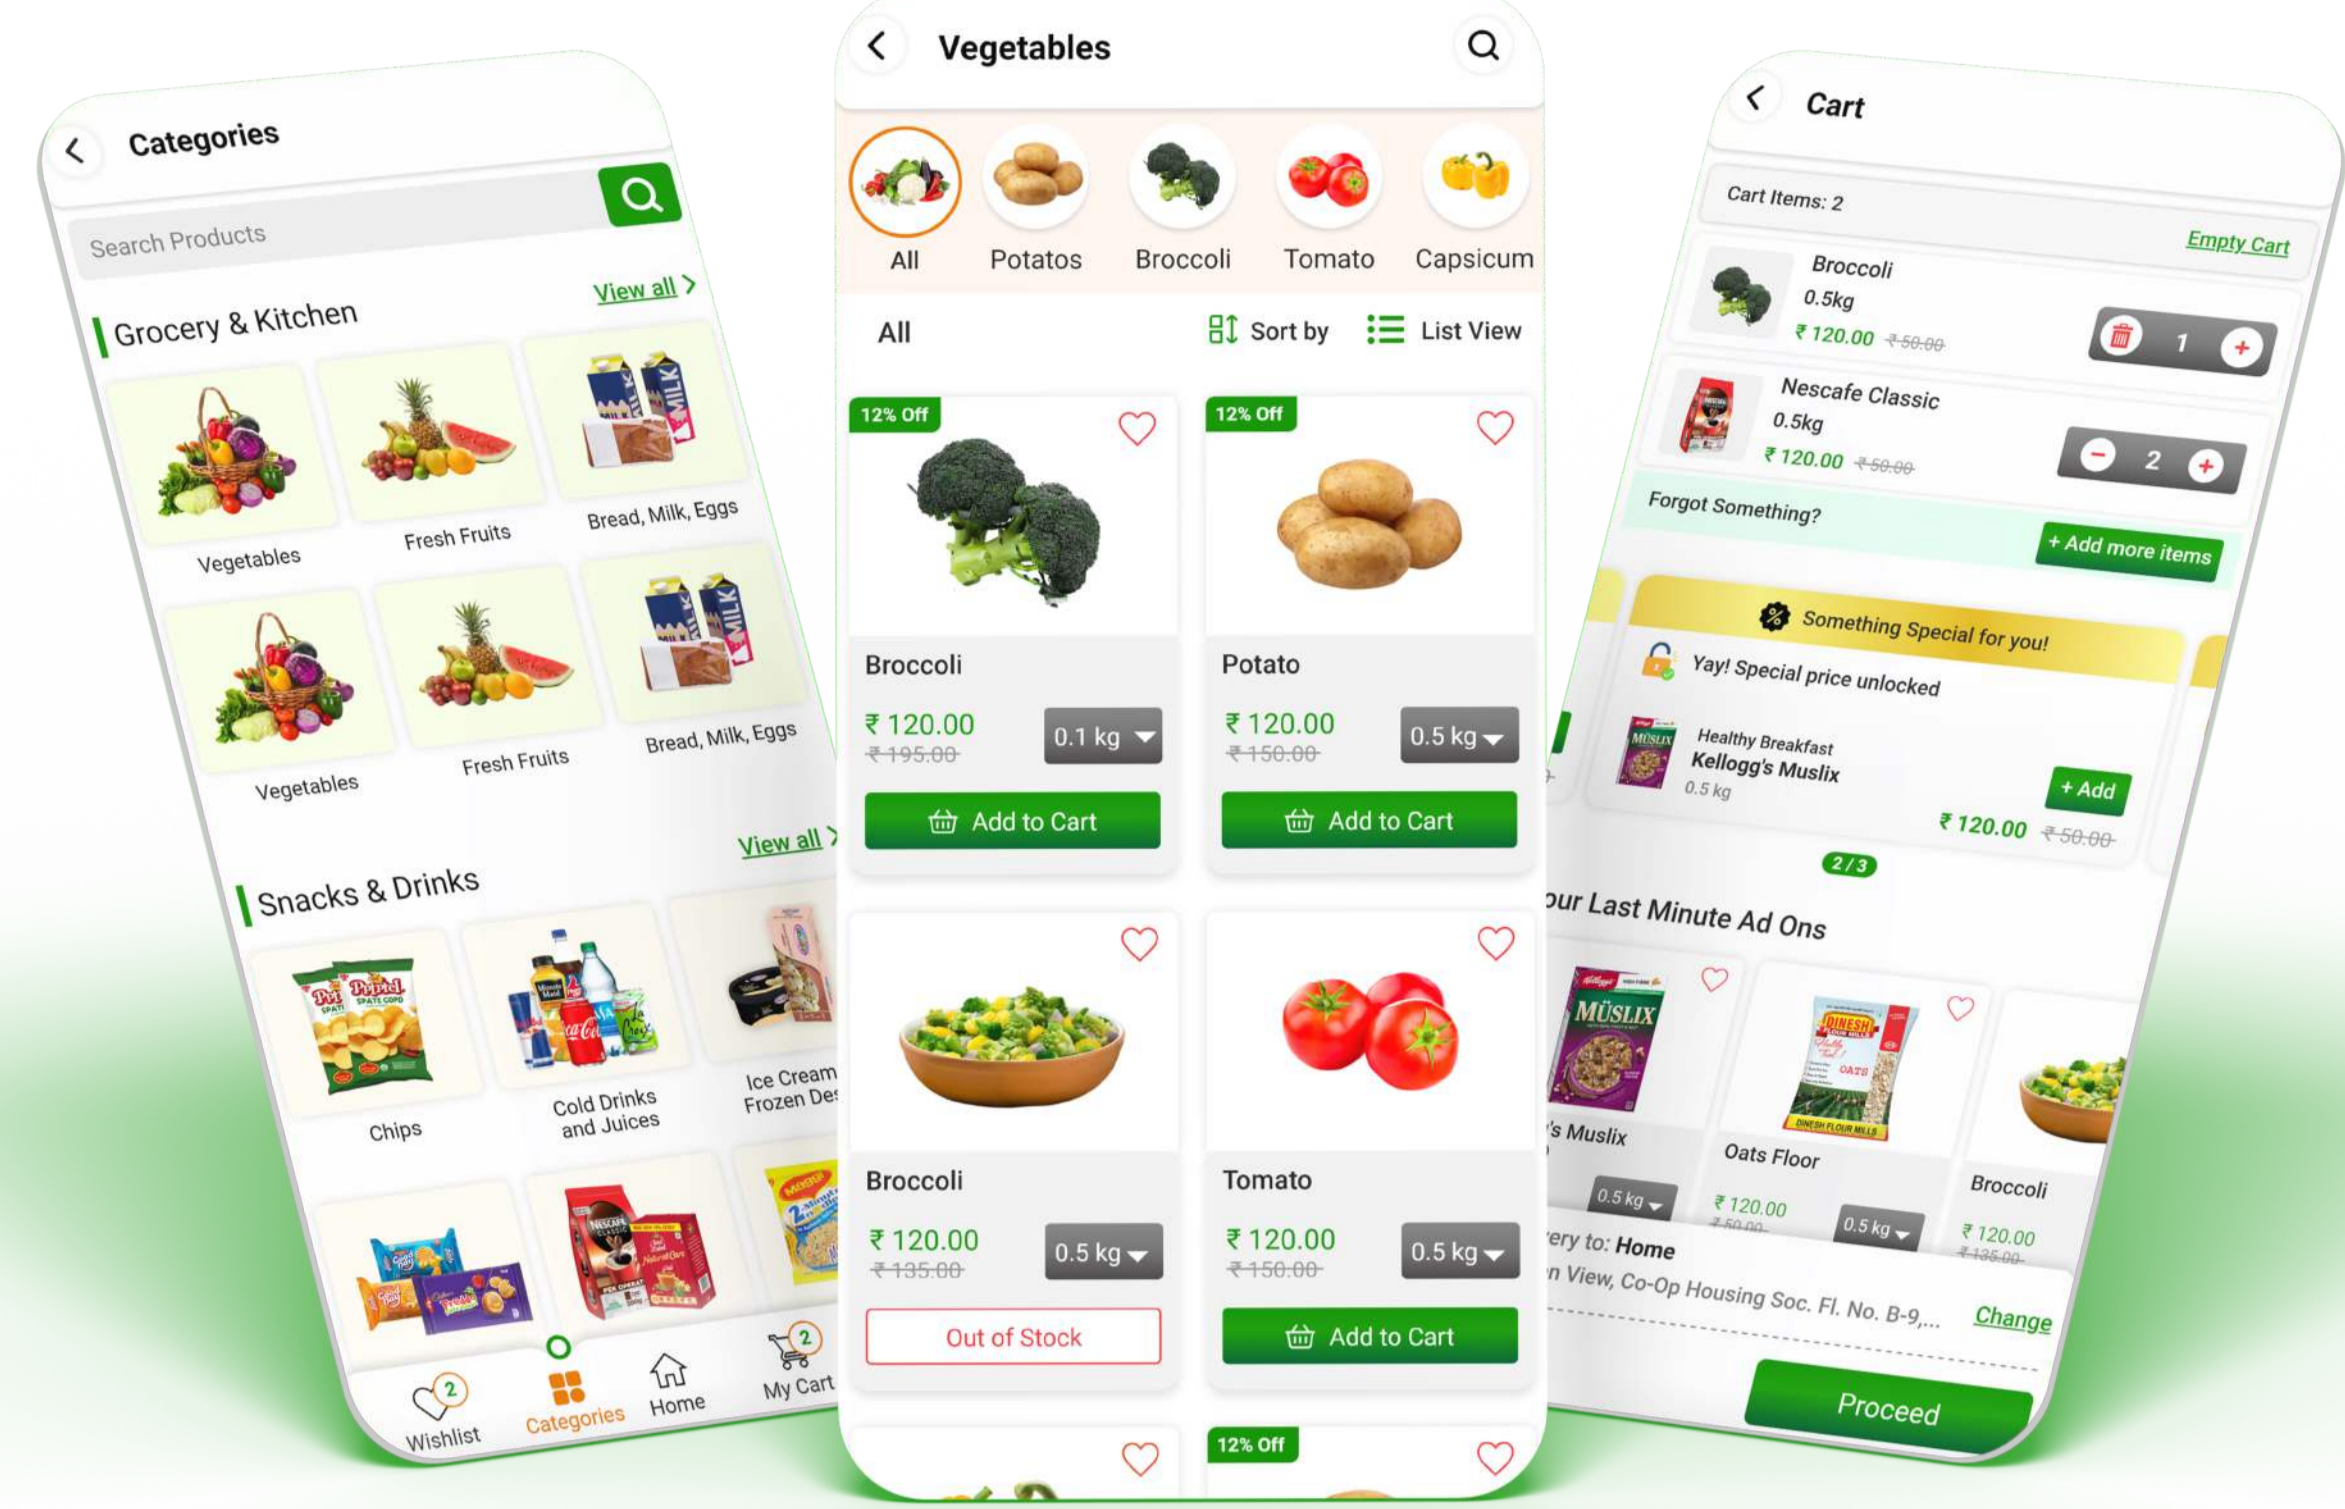

Industry: Online Grocery & Retail Commerce

Platforms: Web · iOS App · Android App

### PROJECT OVERVIEW

Groscido is a comprehensive online grocery & retail platform **Designed to deliver a seamless shopping experience across web & mobile devices.** The goal was to create a unified digital ecosystem where customers can browse products, add items to their cart, & place orders effortlessly whether on desktop, iOS, or Android.

The platform was built to support daily-use shopping behavior, high product volume, smooth cross-platform performance.

### BUSINESS OBJECTIVES

- Build a single commerce system across web & mobile apps
- Offer a fast, intuitive shopping experience for daily-use customers
- Enable real-time product browsing, pricing, & discounts
- Implement a smooth add-to-cart and checkout journey
- Ensure consistency in design and functionality across all platforms
- Create a scalable foundation for future growth & expansion

### OUR SOLUTION

Profcyma Global delivered an end-to-end omnichannel eCommerce solution covering Web, iOS, and Android platforms.

- ✔ Web, iOS & Android platform integration
- ✔ Category-wise product management
- ✔ Real-time add-to-cart functionality
- ✔ Dynamic pricing & discount display
- ✔ Mini-cart & cart management flow
- ✔ Location-aware shopping experience
- ✔ Responsive & mobile-optimized UI
- ✔ Scalable commerce infrastructure

### RESULTS & IMPACT

Profcyma Global delivered a production-ready **Web and Mobile commerce system** that enabled Groscido to operate across website, Android, and iOS platforms. The solution established a centralized digital infrastructure for product browsing, cart management, & order processing, ensuring consistent functionality & performance **ACROSS ALL TOUCHPOINTS.**

### WHY THIS PROJECT MATTERS

This project demonstrates Profcyma Global's ability to design and develop complete digital commerce ecosystems, not just standalone websites. By delivering synchronized web & mobile applications, we help businesses scale their operations & reach customers across every digital touchpoint.
